Please provide comments on the following:

- 1. Describe the progress of your Honours student.** *(eg. If they were to undertake fieldwork, have they? Have they completed a literature review? Have they completed a preliminary geochemical analysis? Have they successfully extracted fossils? Have they acquired their regional and ground geophysical data? Have they completed preliminary modelling or evaluation or interpretation of their data? Have they started their coursework?)* **Have the results obtained so far caused you to change or re-evaluate the goals of the project?**

**2. Are there any aspects of the study where progress has been slower than expected? If so, please indicate the reasons for this.**

**3. Please check and sign the timeline suggested by the student for the remainder of their candidature.**

**4. Do you want to raise any other issues that may have an effect on the proposed timeline?**
